

COX SENTIMENT CONTINUES TO GROW

Frisco Alive With Enthused Ones—Some Predictions Made By Knowing Ones

(By Associated Press)
San Francisco, June 26.—The influx of delegations to the Democratic National Convention continued today. Out of the din of conversation in hotel lobbies, arose what some observers professed to recognize as a spurt to the nomination sentiment for Gov. Cox, of Ohio.

News writers scurried about, searching for the source, but the best they could make of it was several arriving delegations, already in the Cox column, had added just that many to Cox with nothing definite to indicate any added votes for him.

The elusive McAdoo boom took on new shape when the delegates appeared wearing hatbands and cards bearing the legend "Mac'll Do."

(By Associated Press)
San Francisco, June 26.—Within two hours after the arrival of Attorney General Palmer, an emissary representing the Pennsylvania delegation waited upon a representative of Gov. James M. Cox, of Ohio, and launched negotiations.

This took the form of an inquiry as to what Palmer might expect from Ohio in case Cox were nominated for the presidency, as an aspirant to second place.

Coming as it did, the overture could be regarded only as being of the vastest importance.

It was taken as meaning that the Palmer forces had reached the determination to stand out against McAdoo's nomination and would go to Cox to check such an action. The matter, it is said, was handled diplomatically.

There are reasons for believing that if Palmer is not chosen in the early balloting he will be forced to drop out. Should his votes go to Cox it would mean pushing the Ohio man close to the two-thirds line.

Burleson To Vote Texas For McAdoo

San Francisco, June 26.—Postmaster General Burleson today announced he and the entire Texas delegation would vote for the nomination of McAdoo. Burleson's arrival for the convention revived interest in his recent public castigation of certain provisions of the Volstead act as "absurd," even now, when many forces appear to be combining to suppress the prohibition issue completely and leave the platform silent on the subject. There is great interest in watching the course Burleson will take and much argument as to the extent he should be viewed as the administration spokesman on the subject.

Bryan Outgeneraled, According to Report

(By Associated Press)
Louisville, June 26.—Arthur H. Crook in a San Francisco special to The Times today, says the general sentiment of the Democratic Convention delegates is to preserve silence on the prohibition plank in the Democratic platform, and indicates this is agreeable to Wm. J. Bryan whose strategy apparently was to stir up the party with threats of a dry plank order to head off the wet or even moist one.

Ernst To Have Rival In Senatorial Race

(By Associated Press)
Frankfort, Ky., June 26.—Zachary Taylor Proctor, former Progressive, of Leitchfield, today filed a declaration with Secretary of State Vaughn, as a candidate for the republican nomination for U. S. Senator. He will oppose Richard P. Ernst, of Covington, in the August primary.

Campbell's New Job

Youngstown, O., June 26.—B. R. Campbell was taken to the state penitentiary at Columbus today to begin his 30-year sentence as a penalty for his activities in connection with failure of the Struthers Savings and Banking Company.

CALL in and see our line of white hats, just arrived; very attractive patterns. March and Douglas.

Weather For Kentucky

Fair tonight and Sunday; mild temperature.

FINCHVILLE FOLK GET BANK ROBBER

(By Associated Press)
Shelbyville, Ky., June 26.—Citizens of Finchville last night surrounded the bank of Finchville, called on a man inside to surrender, which he did after coming to the window and seeing the size of the crowd. He gave his name as Allen Howerton, a native of this city. Beside the bank safe were found a chisel, hammer, saw, drill and two sticks of dynamite.

Mrs. C. L. Shuck, night telephone operator, whose office is over the bank, heard the burglar at work. She fired two shots out of the window but the burglar apparently thinking it was the back fire from an automobile, paid no heed.

TO EXHUME BODIES OF AMERICANS

Paris, June 26.—Exhumation of the bodies of 489 American soldiers which were washed upon the rocky shores of the Island of Islay, off the Scottish Coast, after the sinking of the transports Tuscan and Otranto, in 1918, will be started July 1, it was announced here today.

The Scottish clan which inhabits the lonely spot has taken tender care of the graves, and the Chief had taken the pledge that the clan would look after the graves as if they were its own until the end of time.

GREEKS ANNIHILATE WHOLE TURK CORPS

(By Associated Press)
Smyrna, Asia Minor, June 26.—Greek forces engaged in an offensive against Turkish Nationalists, are advancing in four directions and have taken a number of towns, according to the Greek army official communiqué. Confirmation was recently reported of the annihilation of the 13th Turkish Army Corps has been received.

FLOUR GOING DOWN

(By Associated Press)
Minneapolis, June 26.—Flour dropped 30 to 50 cents a barrel at the mills here today. The decline was due to the sharp wheat market break yesterday.

Brigands Capture American Missionary

(By Associated Press)
Boston, June 26.—Confirmation of the kidnapping of Mrs. Harriett Nilson, by brigands at Tarsus, Cilicia, has been received here in a cable from Constantinople today. She was the wife of the American Missionary and a native of Illinois.

MODIFICATION OF THE VOLSTEAD ACT

New Orleans, June 26.—Declaring that in Louisiana "wine is used universally" despite federal prohibition laws, Arsene Perillat, chairman of the Liberty League, which claims 15,000 members in the state, telegraphed President Wilson asking him to recommend to the Democratic National Convention a platform plank proposing modification of the Volstead act. The telegram to the president, similar to the ones sent W. J. Bryan and democratic convention leaders, asserts the league does not desire a return of the saloon or sale of distilled liquors, but "merely the right of the individual to use wine and beer, as long as has been his custom."

Still 16 to 1

New York, June 26.—Sixteen-to-one still sticks to William Jennings Bryan, for today those odds were quoted against him in Wall Street as a presidential possibility.

Week's Weather Guess

(By Associated Press)
Washington, June 26.—Weather predictions for the Ohio Valley—Local showers first half of week; later half generally fair; normal temperatures.

MOTOR CARS CRASH; SEVERAL MEN HURT

Working Crews On L. & N. Meet With Serious Mishap Saturday Morning

Shortly before seven o'clock Saturday morning, on the L. & N. curve just below bridge No. 49, two motor cars, one carrying G. L. Hamilton's section crew, and the other, signal operators, came together, the crash badly damaging both cars and precipitating the workmen in all directions, more or less injuring half a dozen.

Injured—Sonny Maupin, track worker, residing at Nayde, Ky., three ribs broken and body badly bruised.

Mack Elmore, of White's Station, track man, badly injured about head and body; no bones broken, but believed to be internally injured, although not thought to be serious.

Several other workmen more or less injured. Foreman G. L. Hamilton, of the working crew, escaped serious injury by jumping an instant before the crash.

The cars were conveying the workmen to their destinations for the day's work, and one crew was not aware of the approach of the other until was too late to stop either of the cars which came together with great force.

FISTIC ENCOUNTER; ATTORNEY AND DEPUTY

Lexington, Ky., June 26.—Fistic action took precedence over a legal battle that was being staged in the court of Justice of the Peace Charles M. Parrish, when J. Franklin Wallace, attorney, and Deputy Sheriff Hall engaged in a fistic encounter.

The suit was that of the Fayette Motor Company against Mrs. Brown Anderson for an account alleged to be due on repair work. The action came up Thursday and was continued until 10 o'clock Saturday. When 12 jurors were selected Mr. Wallace appeared, according to Magistrate Parrish, at 10:10 o'clock and asked "five minutes to get his client."

When he returned at 11 o'clock the plaintiff had been awarded the suit by default. Mr. Wallace said he had asked for time.

Wallace, it is then alleged, when his client, Mrs. Anderson, arrived said the court action was a "dirty trick." A woman who accompanied Mrs. Anderson is alleged to have made a remark that caused Judge Parrish to threaten to obtain a warrant. Wallace is then "alleged to have used sarcasm, referring to Judge Parrish as "his royal highness." Deputy Sheriff Hall, it is asserted, then told Wallace to "behave himself."

Fight challenges resulted, according to the stories of witnesses. The men went into the hall of the court house. Wallace said after the encounter that he hit Hall twice in the face with his fist. A witness asserts Wallace only hit the deputy once.

When Hall started to return the blows, it is alleged, court house officials intervened.

JUDGE GOODLOE IS OPERATED UPON

Judge John D. Goodloe, of White's Station, father of G. W. Goodloe, of Richmond, who is in his 80th year, was taken to the Robinson hospital, Berea, Saturday, where he underwent an operation for gall stones, and indications favorable to his recovery emanate from the institution.

Judge Goodloe, despite his age, went upon the operating table without a tremor, it having been decided that this was the last resort to insure the prolonging of his life, and the course was decided upon. Mr. Goodloe is a prominent Madison resident and has been recognized as such for years. He served in the state senate for a number of years, having been elected on the democratic ticket, and is well known in and about Richmond as well as the vicinity in which he has lived for years.

Medical Society Meets

There was a short session Thursday night of a few members of the Madison County Medical Society at which routine business was taken up. It was expected there would be a number of interesting reports, however, the inability of a number of the members to be present caused a change in the program to be made.

LATE WIRE FLASHES

At noon today five masked bandits held up the Great Northern State bank at St. Paul, making away with \$5,000 in cash, and the same amount of Liberty Bonds.

Considering his country before love, King Alexandria, of Greece, today left Paris for Athens, refusing the tearful pleas of his morganic wife.

Four men have been arrested at Seymour, Ind., charged with having burned a score of houses and business places during the past ten years.

The women in attendance at the democratic convention, Frisco, decided today to ignore the prohibition phase, making no reference to it whatever during the convention.

Senator Gilbert M. Hitchcock, of Nebraska, today stated that he would not consider the nomination for the democratic vice presidency.

The Kentucky delegation arrived safely at Frisco and report an enjoyable trip. All are well quartered at their hotel.

Samuel Gompers, president of the American Federation of Labor, is en route to San Francisco from Vancouver, B. C., where he has been attending the labor meetings.

Dayton, Ohio, street car men today turned down a 20 per cent increase in wages and a general strike is imminent.

Practically all of the oil stock salesmen arrested in New York, charged with misrepresenting their wares, have entered pleas of not guilty.

Patrick Fay, 45, of Cincinnati, is dead from drinking denatured alcohol.

At Hamilton, O., this morning, C. J. Stegeman, police desk sergeant, was killed by snipers in a pitched battle between officers and the Bolen family north of the city.

With 17 killed, civil war has been quelled at least temporarily in Londonderry, Ireland, by the activity of the British troops from Belfast.

At noon today at Georgetown, V. C. Grimes, a farmer of Madison county, and Miss Adelle Belle Henderson, of Scott county, were married at the court house by County Judge J. Robert Lancaster.

Coal at Georgetown is now selling at \$13 per ton.

Kentucky Gideons, the Christian Commercial Travelers' Association, began their state convention at Lexington in the Y. M. C. A. building at noon today.

Robinson T. Judy, of Mt. Sterling, sold and shipped the past week a fine yearling Shorthorn bull to Dr. McLean of Wilmore. The price was \$250.

CHAUTAUQUA OPENS NEXT WEDNESDAY

The opening of the Chautauqua is being awaited by many who have received their season tickets, and, judging from the number being disposed of, there will be many in attendance at every performance. The varied program this year is proving a greater attraction than ever. The preliminary work looking toward the opening of the week's festivities is nearing completion and the city is preparing for the reception of the artists who will make this city their home for almost a week.

The opening on Wednesday night will be an auspicious one, it is believed, if present indications count. The program for the opening day and night, as well as Thursday, will be as follows:

Introductory exercises; grand concert, Sibel Sammis singers and Miss Mary Cameron, pianist.

Wednesday morning—Children's hour.

Wednesday afternoon—Concert, Emerson Williams; monologue, to be announced, V. S. Watkins.

Wednesday night—Concert, Sibel Sammis singers and Miss Mary Cameron, pianist; lecture, "Facing the Task."

Wednesday night—Emerson Williams company; lecture, "How to be Young at Seventy or Old at Forty," by Dr. Carolyn E. Geisel.

Fine For Fugazzi School

Announcement has been made of the admission of the Southern Brothers' Fugazzi School of Business to membership in the National Association of Commercial Schools. This organization comprises the most prominent business educators of the country and to secure membership it is necessary for a school to maintain the highest standard of educational service and business methods. Of the 1,500 business schools in the United States, not more than 500 are eligible to membership in the National Association of Accredited Commercial Schools.

PYTHIAN LODGE TO HAVE NEW HOME

Expects To Provide Clubrooms, New Furniture, Regalia, Etc. By First of the Year

The last meeting of the members of Normal City Lodge, No. 162, Knights of Pythias, recorded the selection of a committee with power to act in the way of selecting new quarters, since it is the intention of the lodge to have elegant, newly furnished club rooms for the accommodation of the membership, which has been increasing to such an extent that the movement is considered imperative.

The lodge has been attracting much attention as a result of its rapid growth since the war, a number of the district and state officials. There are many returned soldiers enrolled, and most of the official ranks are being filled with ex-service men. This, it is believed, is one of the reasons for the great interest being shown, and it is the intention of the lodge members to show their appreciation in deciding to have a new home in the near future. The movement will necessitate the purchase of new furniture, regalia and general equipment, making the Richmond lodge one of the foremost in the state. The degree teams have already attracted the admiration of many through their manner of exemplification. It is presumed that the change will be effected and all purchases made by the first of the year.

The newly-elected officers who will be installed in the near future are: H. B. Willoughby, chancellor commander; Robert Garrett, vice chancellor commander; Charles Nelson, prelate; D. C. Sparks, K. R. S. and master of finance; H. B. Sallee, master at arms; Oscar Stivers, inner guard; Eugene Moyhan, outer guard; W. L. Howell, master at work; F. M. Stivers, incoming trustee.

INSTALLING BIG COAL CONVEYOR

An immense coal conveyor, the variety seen about cities, railways and mines in various parts of the country, and especially at coal yards, where huge quantities of coal are handled daily, is soon to be seen in operation in Richmond, since W. W. Broadus & Company has purchased a modern plant, which is now being installed. It will be the first one of this kind in Louisville and will doubtless attract much attention, as it will handle tons of coal at a single stroke, and save much labor. A corps of men from Louisville, where the plant was purchased, are on the ground and have the installation work started. The men are in charge of Mr. Holtzel, who is superintending it. There will be an immense pit dug for operation room when the machinery will be installed, and a special track built for the operation of trucks or cars to and from the pit. It will be possible to fill a truck with coal in the twinkling of an eye, it is said, when the plant is properly operated. This means the saving of a vast amount of labor, which is at a high premium at the present time. This improvement marks another notch in the plank of progressiveness for the city to which it is a credit as well as to the firm installing it.

WILLIAM WALLACE HERE
Hon. William Wallace is over from Frankfort today with his parents, Mr. and Mrs. C. C. Wallace. Mr. Wallace has not been home since he went as a delegate to the Republican National Convention at Chicago, where he had a great time with the big men of his party. He is attached to the staff of Judge E. C. O'Rear's law office at Frankfort, where he is making a splendid record in legal work, and all who have been watching his career are predicting a brilliant future for this popular young Richmond barrister.

QUARTERLY MEETING AT PINE GROVE

The second quarterly meeting will be held at Pine Grove on Thursday and Friday, July 10 and 11, Dr. G. E. Cameron, Lexington, presiding.

GO TO BIG CONVENTION

The big Winchester hardware men's convention is on at New Haven, Conn., next week. Attending from Richmond will be Messrs. Tom Collins and M. J. McSweeney, of the Richmond Welch Company, and from Berea, John W. Welch and Scott McGuire, of the Welch department store. All four will come back chock full of new ideas for these big institutions.

THE MARKETS

Cincinnati—Hogs 25c higher; Chicago strong! cattle stronger; lambs steady; Jersey steady.
Louisville, June 26.—Cattle 400, slow; tops \$13.25; hogs 800; active and unchanged; sheep 3,000; strong and unchanged; lambs \$17.25 to \$17.50.

POLITICIANS AT WACO FRIDAY NIGHT

There were a number of Richmond men at Waco last night, the attraction being the visit of Private George Davis and Judge Ralph Gilbert, who aspire to democratic congressional honors. The discourses of the two speakers, one of their hearers indicated, were to the effect that Col. Rippe had got lost in the shuffle, and that he was no longer their nemesis. Those who heard the speeches declare they were "good," and while there was not a great difference in opinion between the men apparently, they were both "good politicians," and one man actually that he was sorry of his inability to vote for each of them, after hearing their speeches. This is evidence that they were impressive, at least, to a number of their hearers.

RICHMOND MEN AT BUILDERS MEETING

W. W. Broadus and L. R. Blanton, have returned from Lexington, where they attended a convention and banquet at the Phoenix hotel of the Central Kentucky Builders' Association. The business meetings were of interest as well as the banquet, and much good was realized by the large number of builders and supply men present. One of the chief features of the meeting was the condition of shipping at present, and the manner in which the state was progressing despite the high price paid for material. The reports of various representatives indicated that there will be little if any decrease in building material for some time to come. The fact that the dealer has many difficulties with which to cope was made plain, as was the fact that there are many fluctuations in prices, mostly of an upward turn. There are many buildings in a general way, according to reports of contractors. The Richmond men were informed that they had been making some very creditable reports during the past year, considering the difficulties arising as a result of the war, the increase in materials, etc.

BANK ROBBERS FAILED

(By Associated Press)
Peninsula, Ohio, June 26.—Two men were bound and gagged and locked in the basement of the Peninsula bank early this morning by five men who tried to blow the doors of the safe. They were frightened away before securing any loot, after drilling two holes in the safe.

FOUND TRAIL THIEVES

Captain V. G. Mulligan, of Lexington, received a call this morning from County Judge Arthur Hoge, of Rowan county, asking him to bring his bloodhounds to Morehead, where a store was broken into and robbed. He had no particulars of the robbery when he started.

Returned Missionaries At First Christian Church

Four returned missionaries will be the guests of the First Christian church tomorrow. Rev. and Mrs. Thomas A. Young, of Fukushima, Japan, and Rev. and Mrs. Vera C. Carpenter, of Bayamon, Porto Rico, all serving under the Missionary Boards of the Christian Church, Mrs. Young being one of the living links of the local church. A large crowd is expected to greet them at the morning service.

S. S. Home Coming Day

Tomorrow will be Sunday School Home Coming Day at the Methodist church and preparations are being made for the reception of a large number of visitors from various parts of the county and elsewhere, since it is expected many former members of the Sunday School of the local church will be here. There will be an especially interesting and entertaining service held during the morning.

Mr. Robert Collis, of Atlanta, Ga., is with friends here this week.

250 Pair Fibre Silk Ladies Hosiery in black and white (fancy), sizes 8 1/2 to 10; worth \$1 our 50c price
149 tf E. V. ELDER.

TEACHERS MUST ATTEND INSTITUTE

Noted Speakers To Instruct Before Opening of Madison County Schools

Preparations are being made for the teachers' institute at Eastern Normal beginning July 12, at which, it is expected, all teachers of Madison county will be present. County School Superintendent B. P. Edwards is today issuing a circular letter to teachers and the members of the board of trustees, giving instructions regarding the institute. According to the new law, it is the duty of all teachers to attend. The revocation of certificates is asked where there is a refusal to attend, unless in case of illness or other disability.

President Gates of the Eastern Normal, is planning for some of the best lecturers in the state to be present, and there will be special features in the way of instructive addresses every night, accompanied by moving picture illustrations. It is said this is a new and important departure and is greatly beneficial in the way of instructing teachers before the beginning of their school work. All of the entertainments and sessions pertaining to the institute will be free and it is believed the attendance will be greater than for years, since there has been a general disposition upon the part of the teachers to study previous to the beginning of schools.

The members of the school board, together with Mr. Edwards, are working diligently toward filling all places before the time for ringing the first bell. However, there is said to be much work ahead. In some instances there are new teachers employed, while in others there are resignations being filled.

Prof. D. B. Hubbard, of Mason, who has been engaged to take the principalship of the Waco schools, has just informed Superintendent Edwards of his inability to take the position, and this is among those yet to be filled. There is every indication, the members of the board state, that all schools will be provided with teachers, and that there will be the usual exodus of instructors next week, since many have signified their intention of resuming their old places, owing to the salary increase.

PROMINENT POLITICIANS HERE

Dr. R. L. Davidson, of Stanford, who is field agent for the State Board of Agriculture, was in town Saturday morning on business. He was checking up some official local business. Dr. Davidson is one of the most prominent republican politicians in the 8th district. He says he is greatly pleased with the nomination of Harding and Coolidge and makes the prediction that Capt. King Swope will be returned to congress from this district. Dr. Davidson made a race for congress himself against the late Congressman Harvey Helm, and is well known here.

GUNMEN WERE DESPERATE

(By Associated Press)
Toledo, Ohio, June 25.—Five gunmen wounded Webster Stough, 65, a night watchman, and bombarded the Fulton county jail in Wauson in an unsuccessful attempt to liberate Edward O'Neill, alias Malady, awaiting trial for alleged participation in a \$21,000 bank robbery at Delta, Ohio, a month ago.

FUNERAL OF R. E. PUNCH

Funeral services for Robert E. Punch, who died from a stroke of paralysis Monday night in Lexington, were held at St. Patrick's church, in Mt. Sterling, his home, at 10 o'clock Friday morning.

County Court Docket

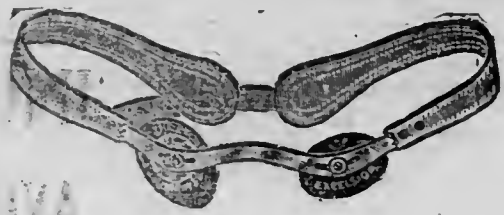

According to the entries, there will be a goodly number of cases heard at the next meeting of the county court, which convenes on next Monday. This list was slow in growing, but the last few days recorded a rush of case entries that will make the session quite an extensive one.

There are also a number of cases carried over from the last session, to be given attention.

Notice To Tax Payers

Your city taxes for the year 1920 are now due and in my hands for collection. You are requested to call and settle. On all taxes not paid by November 1st, the penalty prescribed by Ordinance will be attached, also interest at the rate of 6 per cent per annum will be charged on all bills in my hands after November 1, 1920.

JESSE DYKES, City Collector. 153 5 Office City Hall.

Richmond Daily Register

M. SAUFLEY, Editor and Proprietor

Entered at the postoffice in Richmond as second class mail matter under Act of Congress of 1875.

Political Announcements
The Daily Register is authorized to announce the following candidates for office, subject to the action of the Democratic party.

For Congress
RALPH GILBERT, of Shelby County.
FRANK RILEY, of Anderson County.

HE'S SOME BANKER, TOO,
AS WELL AS A SPEAKER

The recent meeting of bankers at Crab Orchard occasioned the following, among other things, to be said by the Stanford Interior Journal:

"The speakers were Hon. Claude Minor, of Perryville; Hon. K. S. Alcorn, of Stanford; R. E. Turley, of Richmond, and R. N. Cook, of Louisville. The speeches were all rather brief, but full of good things, that of Messrs. Alcorn and Turley being exceptionally interesting and enjoyable. The meeting was a success and the banquet was even a greater one and the whole will be remembered pleasantly by all whose good fortune it was to be present. At the election that followed the business meeting Mr. J. S. Hocker, of this city, was elected president, and Mr. George W. Edwards, of Harrodsburg, secretary for the ensuing year."

New Outbreak of Quail Disease

A federal regulation recently invoked to prohibit importation of live quail from Mexico into the United States, excepting from November 15 to April 10, inclusive, calls attention to a new outbreak of the "quail disease." This is a highly contagious and rapidly fatal disease which appears among quail in America from time to time, and it has recently developed in a shipment of bow whites received from Mexico. Several of the birds are under observation at the Division of Pathology, U. S. Department of Agriculture, in the hope that preventive means may be found to protect the birds. The disease was recognized in 1906. It was found that the quail suffered from a virulent intestinal disorder caused by the development of bacillus coli, an organism always present in the bird's system. The plague is closely akin to the "grouse disease" which at irregular intervals ravages European covers, and is of such abrupt nature that it is difficult for pathologists to make satisfactory observations.

It is believed that it occurs most frequently where the birds are living under unusual conditions in confined spaces or crowded areas. This belief is based on the knowledge that birds for import into the United States from Mexico are visited by the plague. The larger part of our live quail stock comes to us from across the border. These shipments are held in quarantine for a period. It is during this quarantine period, while the quail are kept in cages

It's the Talk of the Town

BRIXMENT

It means a saving of many dollars, and the contractors all over the country will testify as to its reliability.

SAVES — MONEY — LABOR — CEMENT

It will be worth your while to investigate it. We are willing to show it.

L. R. BLANTON

Coals of Quality — Feeds of All Kinds

or pens, that the disease usually manifests itself. A flock which seems perfectly well at night will have several dead by morning. The Department of Agriculture recommends that shipping crates and boxes be of some light material of light construction so that they may be burned as soon as the quail are freed.

ALL NEXT WEEK, STARTING MONDAY MORNING

OUR LINE OF BEAUTIFUL MUSICAL INSTRUMENTS WILL BE INTRODUCED

INTO MANY HOMES IN MADISON COUNTY

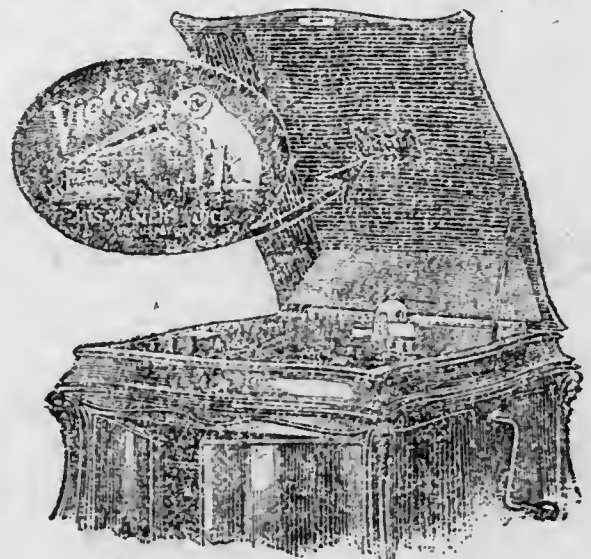

INCLUDING THE WELL KNOWN LINE OF

Wurlitzer Pianos, Bush & Gert Pianos, Edison Talking Machines, and Victor Talking Machines

The Victrola is the Embodiment of All That Is Best In Music

The excellence of any talking machine can be safely judged by the artist who makes records for it. By the music it brings to your home. The Victrola stands supreme among musical instruments because of its wonderful musical achievements—because it brings to you the exquisitely beautiful interpretations of the world's greatest artists.

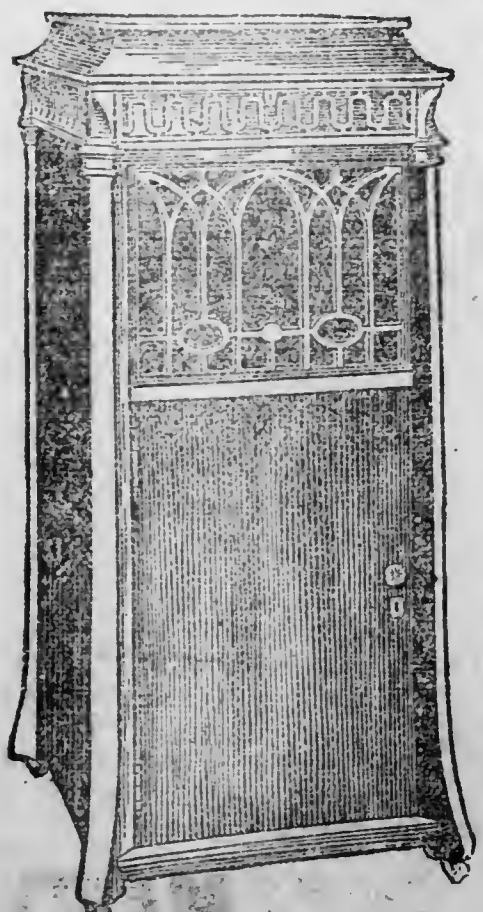

Look inside the lid!

If it hasn't this trademark, it isn't a Victrola

Your Share in Mr. Edison's Great Accomplishment

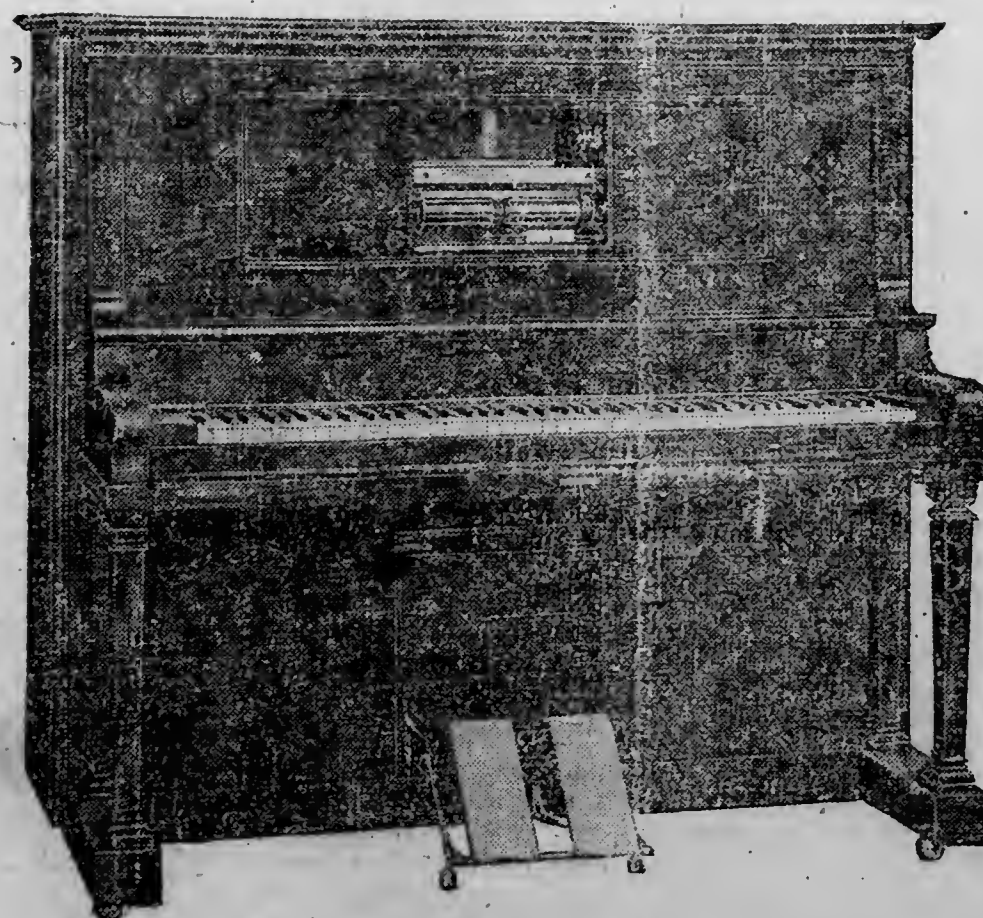

Mr. Edison developed this wonderful Phonograph for you, in order that your music hunger may be appeased by the best there is in music, truly and adequately interpreted. Nature has implanted in every human heart a love for music and a susceptibility to the good influence of music. Always intense feeling seeks to translate itself into music. Those who have gift compose music; those who can sing, instinctively burst into song and those who cannot make music love to listen to it in times of mental stress. Therefore, the foregone conclusion necessitates the purchase of a machine which can bring the world's renowned artists into your home.

Globe-Wernicke Book Cases
Simmons' Famous Beds
Old Hickory Porch Furniture
Quality Brand Aluminum Ware

Music is the Joy of the Universe

With this sublime theme ever in mind the Wurlitzer and Bush and Gert manufacturers have produced Pianos as nearly perfect as their keen eyes and sensitive hand can make them. Musicians and artists the world over recognize in these instruments the accomplishment of the utmost to be desired in the art of piano building. Combined in each of these Pianos are beauty, richness, of tone, most highly responsive action, and elegant and artistic design.

"We Invite You To Call"

SOMEONE'S KIDDIN' SAY AUTO DEALERS

A number of Richmond automobile dealers are of the opinion that they are being "kidded," in every sense that the slang word applies, for they have been promised better shipping facilities for some time, yet the improvement in conditions has not come. The mysterious and supposed-to-be encouraging reports issue from here and there and indications are that there is a propagandist out that is on the job with everything except producing the goods. There are apparently no better prospects this week for an improvement in the conditions as to shipping than a week ago, yet reports are still creeping in to the effect that the conditions are "getting better."

There have been a few machines shipped to Richmond during the present summer. In the first place it was the congested conditions—then the shortage of coal and the giving over of transfer rights to the coal producers—then the grain cars, all of which have reached home, it is declared, still the situation is the same. The railways are apparently very busy. The strike is not interfering to any great extent, it is claimed. The grain cars have all been moved, and still there is no relief. Some of the dealers are of the opinion that there will be no improvement in conditions this year, with nothing more promised than at the present time, which is—"the situation is improving."

MAYOR EVANS HAS REAL AUTO ACTION

It takes Mayor L. P. Evans to get action with the automobile folks. He has a new Ford touring car which has been ordered for several months. He was unable to act for himself, so he sat down, to get a "shipment" and decided to get his pen in hand, and "dropped" a few lines to the company, stating his position, condition, frame of mind and disposition, as well as his humor, the amount of work he has to see after, the difficulty he had in getting about, and many other things, all of which proved very effective, for he was informed that his machine would soon be forthcoming. This proved to be the case, for within a few days, a man having been sent to Cincinnati, the machine was turned over to him and brought to Richmond.

The management of the Richmond Motor Company, which is putting out a great number of cars at this time of year, and also specializing in the celebrated tractors, advised the Mayor to "get a personal letter" out, and see what he could do. They stated, and quite truthfully too, that they had been exhausting every resource and that he might be recognized more promptly, owing to his official position, and he was.

ATTEND FUNERAL OF RELATIVE TODAY

Mrs. Kearney Savage, of Woodland avenue, was informed Friday night of the death of her brother, Mr. William G. Mosely, at Nicholasville, aged 70 years, after a protracted illness. She departed this morning for that city to be in attendance at the funeral services which were conducted this afternoon. Mr. H. Clay Stone, of Richmond, is a nephew of the deceased, who was a prominent resident of Nicholasville, and also well known in Richmond and Madison county.

Besides Mrs. Savage, two other sisters, Mrs. J. E. Stone, of Paris, and Mrs. Ike Wilson, of Milburn, Ky., as well as a daughter, Mrs. Robert Bricken, of Ludlow, Ky. survive. All were in attendance today at the funeral.

HERE'S HALF OF 'EM
Over half of the automobiles and trucks in the United States—3,641,260—are found in ten states. They are: New York, Ohio, Pennsylvania, Illinois, California, Iowa, Michigan, Indiana, Texas and Minnesota. Each has a registration greater than 225,000.

MISS WELLS TO PLAY
Miss Lou Wells, recognized in musical circles as the possessor of unusual ability, and who specializes as a violinist, has been secured as a member of the Elder orchestra of this city and will henceforth be heard with that organization. Her playing will add very materially to the worth of the aggregation of musicians who are attracting considerable attention through the excellent quality of music being dispensed.

FAIR ASSOCIATION IS HELD LIABLE FOR AUTO

A verdict for the full amount prayed for, \$1,006, was returned by the jury in the case of Lester Hite, of Trigg county, against the Pennyroyal Fair association.

Mr. Hite visited the fair last summer and drove his car inside the grounds and parked it, paying an extra 25 cents admission fee for the privilege. While he was taking in the fair some one drove his car away without the knowledge of the fair association employees, and it has never been heard from.

ALLEGED LYNCHER SUES FOR DAMAGES

At Hopkinsville, Dr. J. L. Barker and Dr. W. S. Sandback, physicians, and Rev. W. P. Gordon, former minister of the Methodist church of Pembroke, are made defendants in a \$15,000 damage suit was filed by L. R. Johnson, former city marshal of Pembroke. Several months ago Johnson, along with three other Pembroke men, was arrested charged with complicity in the near-lynching of a negro named Beazley, who was alleged to have stolen some whisky. The charge against Johnson was dismissed at Paducah, 30 gallons of alcohol, moonshine whisky and brandy and wine were seized in the apartment of Ed T. Trece by federal prohibition agents.

James Lane Dudley, 97 years old, a printer, is dead at Texarkana, a telegram to relatives in Maysville announced.

As merry-makers rode the racing derby at Fontaine Ferry Park, Rufus Nall, 60, laborer, met death under a trestle blow, after coming in contact with a charged electric wire at Louisville.

Prof. and Mrs. J. Howard Payne and little daughter, Agnes, are the week-end guests of Mr. and Mrs. Walter O. Park and daughter in the country.

60,000 GALLONS OF OIL PER MONTH

County gas and oil inspector, Burton Roberts, estimates that between 50,000 and 60,000 gallons of gasoline are being consumed in Madison county every thirty days and this is placing the estimate very conservatively, in his opinion.

The tax is being withheld for the state and Kentucky will hear from Madison county the first of the month. This will be but for a part of the month, however, since the law did not become effective until June 17. It is also the belief that there will be some more satisfactory manner of collecting the tax, and that the work will simply consist of keeping a record of the oil sent into the county and the appropriate tax collected accordingly. The retailers, generally speaking, are keeping record of all gasoline sold so there will be no complications arise from this point, however, it is desired that the law will soon become more plain.

BUICK FAME BEING CONTINUED

Any time Burton Roberts fails to sell a number of Buicks each week there is something amiss. He reports a good business, stating that three men who recently went to Flint, Mich., to get cars, will be sent back north soon, unless there is a loosening up of the shipping conditions.

Among the purchasers are J. C. Yates, who is now the possessor of a new seven passenger Buick; Jephtha Jett, a five passenger car; Samuel Hilde, a new touring car, and L. C. Rowlett, a touring car. J. E. Reagan, Jack Hardin and Jack Mixon are the trio that are generally sent for the machines and they are noted drivers, since they have made a number of record breaking trips from Flint during the past few months.

COMPLETE LIST SOON AVAILABLE

With the reports the first of the month of the wholesale gasoline dealers to County Clerk Maupin, there will be possible, a true list of the retail dealers of Madison county. At present there are many believed not to be registered, according to the new state law, which became effective June 17th.

Many of the wholesalers are registered and apparently are keenly interested and desirous of obeying the law, however, it is said that there are some retail dealers who are reluctant about registering. Whether this is from ignorance of the law is not known. At the meeting of the officials of the state together with the oil company officials soon, it is expected that the situation will be cleared relative to the retailers and some explicit instructions sent out. Mr. Maupin is of the opinion that all dealers are anxious to obey the law, but there are a number whom it is believed, have not registered.

According to the law, the new tax will be collected the past part of June, on July 1st, and thereafter reports of dealers will be made at the end of each month and collections made according to the sales reported. This will be the case unless there is a change in the instructions sent out from the state officers.

CLASSES FILLING FOR GENERAL TERM

Many Now Equal Normal Quota With Enrollment Just Begun—Interest In Studies

With but two weeks of the summer term of school at Eastern Normal passed, the attention of the business representatives of the institution is being called to the regular or general term, which will begin on September 21. The enrollment for this term is already far above the average and most classes are good-sized. There will be a great number enrolled later, since the work has but started, and the indications are for a continuation of the record-breaking attendance. This means that the ample room at present made for students, which is taxing the capacity of the school and city, will be continued throughout the winter.

The faculty, to a great extent, will be retained, although there are a number of changes to be made. The instruction department is said to be in the best of condition and there will be no dearth of teachers—in fact, the corps of instructors will be even greater than last year, since there have been a number of assistants appointed in various departments. Several of the instructors when asked regarding the interest taken by the students, gave almost the same answer, which was to the effect that they believed the war was the cause, but there was a greater interest shown by one and all, when students were concerned, than ever before. The grades are better and general results are better, it is asserted, and the progress of the students, is, of course, promoted considerably. The faculty for almost every position for the general term of school has been procured and there is every indication that the coming year will record another very extensive and successful year.

SERVICE AT COST IS APPRECIATED

The cafeteria at Eastern Normal resembles the arrival of a through train at a union depot, during the hours for regular meals now, the patronage having exceeded the 100 mark and still growing. It is the intention of the management to prepare and serve food at prices commensurate with cost, exclusive of rent and equipment, an important item. That the service is appreciated as well as the reduced rates possible, is attested by the constantly increasing rush to the eating place, especially during the noon lunch hour. All are being received and it is said the equipment would admit of accommodating even a greater number, which is expected. The service reflects considerable credit upon the management and all concerned with this, a new and most important, department.

PURINA FEEDS

A NERVOUS WRECK

From Three Years' Suffering, Ag. Sars Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me." Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

MR. JIGGS GETS A DIVORCE

Detroit, Mich., June 24.—A wife who treats her husband worse than Maggie treats Mr. Jiggs is sufficient grounds for divorce, in the opinion of Judge George P. Cold, who granted a decree to John Kennedy.

In describing his marital woes, Mr. Kennedy testified that his wife, Annie, heaved plaster of paris statues at his head and used strong language. "Once I opened the door and smiled sweetly at her," he testified. "She threw one of her favorite statues, cutting my head open. As for her language—oh, Lord!"

The Kennedys were married in Toledo in 1916 and separated in 1918.

Cut the Weeds!

The Road Law of Kentucky makes it imperative that all owners, or controllers, or managers of lands, bordering on the public highways of this Commonwealth shall for the distance of their land borders on the highways, cut, clear away and remove from along side such roads all bushes, weeds, shrubs, overhanging limbs of trees, and all other obstructions and keep hedge fences that border along roads trimmed to not more than five feet high.

The law further provides that the work must be done between July 1st and August 20th of each year, under a penalty of conviction of a fine or from \$20 to \$50.

All such citizens of Madison county must take notice and comply with the provisions of this act.
